YOUR BACHELOR’S DEGREE OPTIONS

CHILD AND FAMILY DEVELOPMENT
Learn how to make a difference in the lives of children, families, the greater community, and the world. With a degree in Child and Family Development from Missouri State, begin a bright career in settings related to human development such as not-for-profit agencies, child welfare, Head Start, domestic violence, early care, and education. Complete this degree on the West Plains campus and online.

GENERAL AGRICULTURE
AVAILABLE IN WEST PLAINS AND MOUNTAIN GROVE
Explore and discover the agriculture industry, while preparing for a career in this critical field. The Agriculture Pathways Partnership, made up of Missouri State University (MSU) and other community colleges, allows you to earn a bachelor’s degree in as little as two years following the completion of an AA degree.

YOUR GENERAL AGRICULTURE CONTACT:

EDUCATIONAL LEADERSHIP – DOCTORATE
The field of education needs great leadership. Through this collaborative degree program between Missouri State and the University of Missouri (MU), discover courses that will bring you closer to your leadership goals. Spend a few weeks each summer taking courses at the MU campus. The remainder of the coursework is available in the West Plains region through web conferencing and online classes. You may also earn your administrator certification by taking just a few additional courses.

COUNSELING
Provide K-12 students with the life skills they need when you earn your CACREP-accredited Master of Science in Counseling degree and become a school counselor. Gain real world experience completing your practicum at the counseling program training clinic in West Plains with on-site supervision from faculty. Students without a Missouri teaching certificate may also apply to this program and may be eligible for state certification as a professional school counselor with the completion of 9 hours of additional education coursework.

SOCIAL WORK
Are you passionate about helping others? If so, consider earning a master’s degree in social work from Missouri State University. Our MSW distance education program offers a flexible design to accommodate adult learners. The MSW Program is offered in two formats: advanced and regular standing. Our full-time advanced standing program can be completed in one year. It is 34 credit hours and designed for BSW graduates from CSWE accredited universities. Our regular standing program is 62 hours. It is designed for students who have a bachelor’s degree in an area other than social work. Both programs prepare you to become advanced generalist social work practitioners.
